

Exploring Opportunities for Educational and Research Collaboration with the Institut d' Acoustique - Graduate School (Le Mans University)

Tuesday 24 February 2026 (16:30-18:00)

Seminar Room, Department of Mechanics (Theocharis building)

School of Applied Mathematical and Physical Sciences, NTUA

16:30-17:00

**Presentation of Institut d' Acoustique Graduate School (IAGS) and International Master on
Wave Physics and Acoustics**

Samuel Raetz

17:00-17:30

Research Activities – Materials

Acoustic and Mechanics of Porous Materials, Opto-acoustics and Ultrasonics, Elastic Waves in
Complex Media, Metamaterials

Samuel Raetz & Georgios Theocharis

17:30-18:00

Research Activities – Waveguides and Structures

Vibroacoustics of Structures, Acoustic Waveguides, Aeroacoustics, Thermoacoustics,
Electroacoustics, Musical Acoustics

Vassos Achilleos
